Late last night AB 718 was moved to the inactive file, making this a 2-year bill. Rather than issuing an alert you may want to announce the bill was defeated and ask that legislators who voted no, be thanked. We will have to continue this fight when the legislature returns in January, but this bill won't be brought up again before they adjourn for the year.

Lauren,

Just confirming that you do not want this alert to go out. I received a second note with just you and Maggie Campbell on it suggesting the bill was dead and no action should be taken. Sharing that new with everyone and confirming no alert is needed

Best,

David

Subject: FW: AB 718 Sleeping in Vehicles Activity Possible Today/Tomorrow
Importance: High

**** Hi David is it possible to e-mail the following message to our members ASAP.hot issue? Thx.

CDA Members: Many of you are aware and have been helpful in opposing AB718, Right to Sleep & Habitate in Vehicles. Those who opposed this were successful in delaying the vote (and thereby has not yet been signed by the Governor as was expected several weeks ago). In the meantime, we have been alerted by the California League of Cities that the proponents of AB 718 have dropped the floor alert to Senate offices this morning. This likely signals an attempt to resurrect AB 718 with a vote on the Floor of the Senate imminently/now as they wrap up the legislative session.

We are asking CDA members to please contact their State Senator now and oppose. A simple sample e-mail message is below - just insert the Senator's name and your organization in the blanks. You can also call the Senator's office to ask them to vote no.

Background information is attached for your reference by both sides of the issue.

Thanks very much.

Lauren Schlau, President

Good Morning M. ____, we haven't met but I understand you are senior Staff for Senator _____. Based on the email we received from the League of Cities, we understand AB 718 could be brought up again today or tomorrow for reconsideration. I represent the collective business and property owners in Downtown ____ in strongly opposing AB 718, and greatly appreciate Senator_____'s strong leadership and continued NO vote on this legislation. The voice from our community and district should continue to be loud and strong, in convincing other Senators to also vote no on AB 718, as it does not provide meaningful solutions for the people experiencing homelessness and further limits our collective abilities to get people housed in a meaningful way. Thank you very much for conveying this message to Senator _____ at your earliest convenience.
